

CALL OF DUTY

This is a description of the latest murder that happened in Germany in the name of Satan. Daniel Ruda, 26 years old former car parts salesman and his 23 years old wife Manuela killed their 33-years old friend by stabbing him 66 times in satanistic ritual. By their words, the devil ordered them to send him a human sacrifice.

During the trial they told how they entered in Satanism. Manuela entered the scene when she was 14 years old after devil himself contacted her; she slept in a coffin in their apartment . While she lived in London she had those "bite parties" where people voluntary had blood sucked from their veins.

She and Daniel met when she responded on his advertisement in heavy metal magazine. Their apartment was full of human skulls, cemetery lights and scalpels and incise.

The victim was found in couple's apartment, covered into his chest. After the murder Daniel and Manuela spent a week on the run along Germany. They attempted to do suicide several times. Daniel bought chainsaw saying that he do not want to be empty-handed when the Devil calls again.

They were caught on petrol station in Iena. On the court they were waking ride gestures, mania calmly rolling their eyes and sticking their tongues out. Daniel was sentenced to 15 years and Manuela on 13 years in a psychotics ward.
