

# My Future House

One day i hope wery soon I have my own big house, and it will be awesome. It will be a place where you can do anything you want. It will be unique full of surprises. I would have a beautiful garden with wooden summer house. There would be a lot of place to play for children and to rest and relax after work. My house would be very colorful. I like bright colours on the house. There would be plenty flowers everywhere, i love roses. I would also have a small library where I could shut myself away from everybody and think about anything. It will be super-sweet creepy decor. I will have three bedrooms, one big kitchen connected with dining - room and living - room and of course big bathroom with very comfortable bathtub wich it will be just mine whit lot of candles. For others will be an extra bathroom. I would have many furniture and also a lot of space. It would have a beautiful view through the large windows. But I would also like to change it sometimes.
