

WINTER SPORTS

Winter sports are those sports which we use in winter, when there is snow. From winter sports I love skiing, because it's fun and I love it. I love skiing, because I like high speed and I love that I can go through some snow in my sister and we have a lot of fun. I like hiking in winter too. I love that I can sit on snow and on the snow I drive down the hill. I love to play with my dog in winter, because it's really fun. I dig myself in snow and then my dog finds me in snow. My dog is really funny, when he runs through snow, because it is so funny how it jumps. I hate only this if the snow rains through the night, I must wake up early and I must put all snow away from our yard. On every four years I watch the winter Olympic games. Specially I watch skiing, ski and bobsled jumping and there are a lot of kinds of sports. I always watch curling on ice, I do not know all the rules yet, but I am learning about this sport. First of all I thought, that there are a lot of rules, but this sport is some kind of pool. I am so sad, because this year we have not had any snow, so me and my dog could not play in snow.
