

## FOOTBALL

For my presentation I chose football.

Next Friday football world cup will start in south africa. Football is very popular game. Almost everyone knows this game. Most of children train this sport. In this game you must kick ball in the opposite goal. It's 22 players on the ground and it plays 11 on 11. On world cup will be 32 countries, include Slovenia. People in slovenia are very happy because Slovenia qualified on world cup for second time. First time we took place in South Korea and Japan in 2002. The best football teams are Brazil, Argentina, Spain and England.

Today I will present my favourite football club. It is Real Madrid - the biggest and the richest football club. It is called - Real Madrid club de football. Real Madrid FC was founded in 1902. Nickname for club is "whites". It has the largest sports facilities in football. Players have training ground on 1,200,000 square meters. Real stadium is called Santiago Bernabeu. Its capacity is 85.000 people. Over 2,500 people work at the stadium in order for everything to be perfect on the matchday.

Real Madrid president Florentino Perez wants to enlarge stadium for 15.000 seats. What means santigao Bernabue will be the largest stadium in Europe with 100.000 sits. Perez is reach businessman and his property is around 2 billion euros. In last season he paid 300 million euros for new players. The most expensive Real player was Cristiano Ronaldo. Perez paid for him 95 million €.

So he wanted to create a galactic team and won three trophies - La Liga, Champions League and Spanish cup. But he did not succeed. He fired manager Pelegrini and he signed new contract for next season with charismatic man Jose Mourihno.

Real Madrid is not only the football club, it is an institution. It has more than one billion fans all around the world. It has a lot of fans also in Asia. Whites has a very good marketing and it earns more than 400 million € every season from media right, from ticketing, from merchandising and from sponsoring. Because that it is the most profitable club.

It is the most successful team in Spanish football and was voted by FIFA as the most successful club of the 20th century, having won a record 31 La Liga titles, 17 Spanish "Copa del Rey" Cups, eight Spanish Supercups, a record nine European Cups, two UEFA Cups, one UEFA Supercup, three Intercontinental Cups.

Whites have a two derby match. Elclasico aganist barcelona. Clasico is the biggest derby in sport. Madrid won 68 elclasics and barcelona won 64 elclasics.

Last year i was in milano and i went on real madrid match. The result was 1-1. I really like real madrid.
