V ameriški angleščini ima izraz "pants" enak pomen kot "trousers" v britanski angleščini, medtem ko je za moške spodnjice rabljen izraz "shorts" ali "underpants", za ženske pa "panties".

*** Glagol "carry" se uporablja v povezavi s stvarmi, "wear" pa z oblačili, ki jih ima nekdo na sebi.**

*** V ameriški angleščini se uporablja izraz "pants".**

Ti samostalniki se vedno vežejo z glagolom v množinski obliki.

Pogosto tudi nastopajo v besedni zvezi "a pair of trousers/jeans/...", le da je takrat glagol rabljen v edninski obliki.
