explored the
world via ships

1770s CE
Steam engines
were used to
power boats

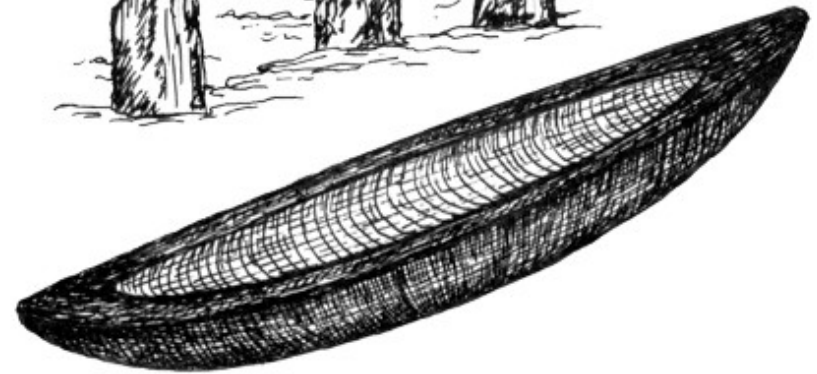

1891 CE
First cruise liner
created for
pleasure voyages

2002 CE
First cruise ship
to serve as a
residential community

VODNI TRANSPORT

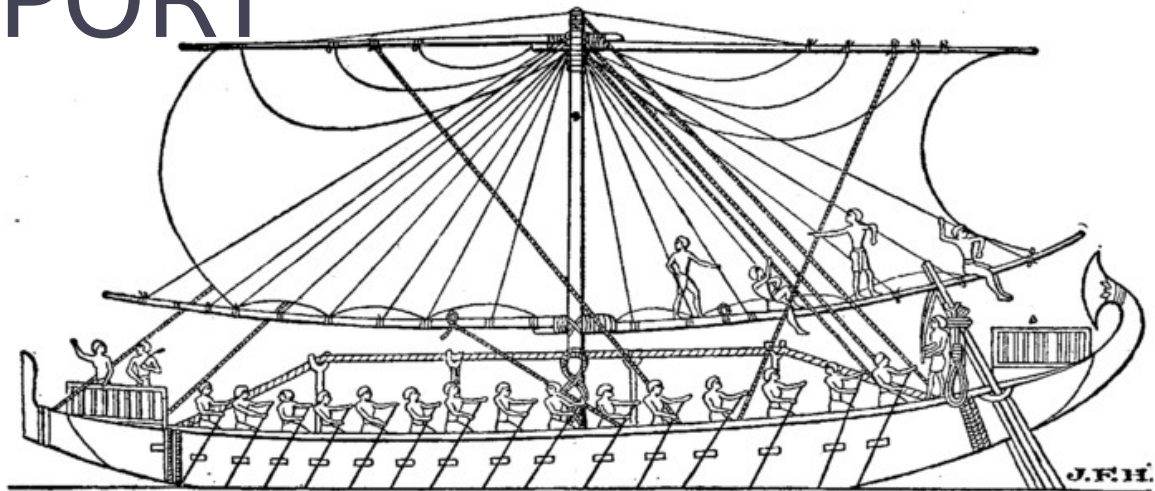

Prva parna ladja

Drevak

VODNI TRANSPORT

Rimska ladja

Egyptian ship on the Red Sea, about 1250 B.C. [From Torr's "Ancient Ships."] Mr. Langton Cole calls attention to the rope truss in this illustration, stiffening the beam of the ship. No other such use of the truss is known until the days of Modern engineering.

Egipčanska ladja

VODNI TRANSPORT

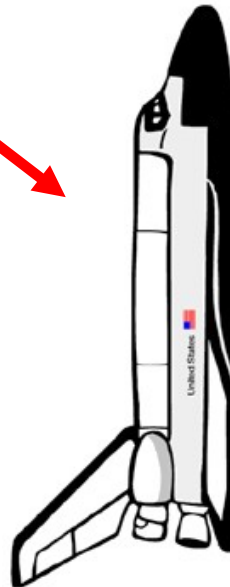

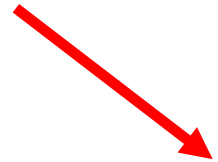

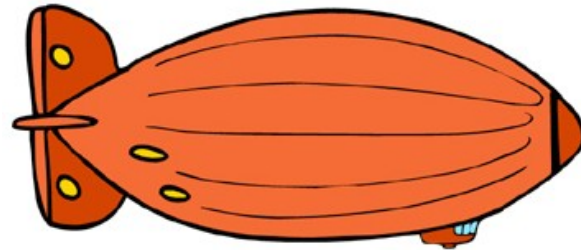

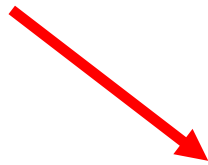

Tovorna ladja

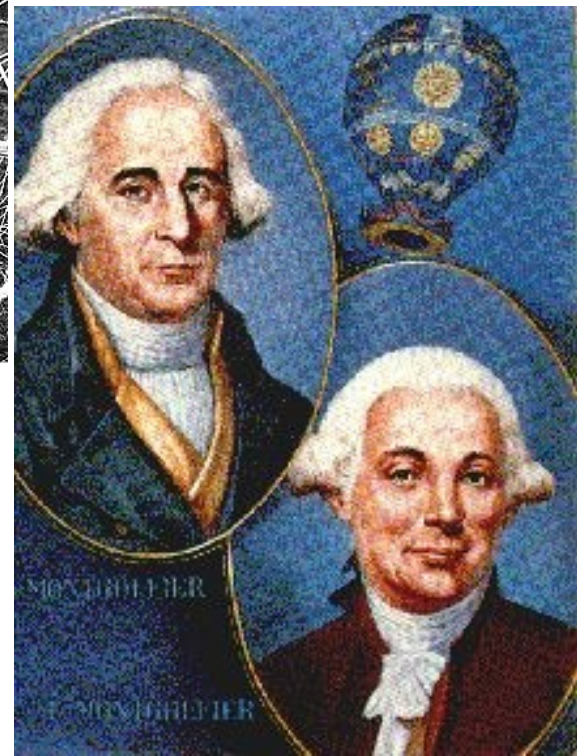

Križarka
